**ican website, members pages and images**

**update September 2009**

**Notice for members who have requested that their details not be published**

In the notice that went out requesting members register their information that they want published on the ican website, it clearly stated that if you had already requested your details not to be published you did not have to do anything at all.

Please do not send me anymore notes or letters reminding me of this. Your membership details on the ican database is noted 'NFP' (not for publication). For this status to be altered you will need to put the proposed changes in writing so until that happens the committee does not have permission to publish any of your information.

**Notice for members who have sent in their information to be published on the ican website**

This process will not begin until after the end of August when all the information is collected.

You will be required to sign the newly developed 'image reproduction licence for ican website' agreement to give ican permission to publish your images. Members and ican will each have a signed copy of the agreement. If your images are already on the ican website, as the trial website set up you will also be requested to sign this agreement. Changes can be

made to existing images and text at the discretion of the web designer (Bettina).

**This project will end at the end of November 2009.**

**Notice for those who had pictures of works taken at Clifton school of arts**

This information is stored on the ican lap top.

The first lot are all filed and on the CD that you received after the project.

For the second lot (last year), the files have not all been labelled with the title of the work and the title of the artist etc.

This is a big job.

As the funding was cut in half for this project this is one job that has not been done.

I think I know which member owns which work.

I will copy these files onto CD and give them to you.

You will then be able to choose which files you want to send to Bettina, have them suitable labelled and emailed to Bettina.

If you **do not have a computer or email access**, please ask someone in your family or friends to look at the files with you and you pick the ones that will be most suitable and note their file number.

**New members who have joined ican after June 2009.**

I have copies of the information and the form to be filled in so that you can have your own web page. There is no charge for this.

If you email me it will send the form back in a reply email. If you get it in quickly your details will be accepted.

If you do not have email please ring me on 4267 2697 leaving your details or just your name and one will be sent out in your 'ican do it' newsletter.

**This project will end at the end of November 2009.**

By this date Bettina will have entered the contact details, images, and text.

Then the acquittal document will be then sent to Cultural Services of Wollongong City Council.

This project was to have been acquitted in May 2009, so we are keen to get it all finished up.

If you have any queries at all email me on
